Sign into the Creative Cloud Application	2
Download the Creative Cloud Application	3
Install the Program	4
Open the Desktop Application	5
Document Control Page	6

Sign into the Creative Cloud Application

1. To begin, visit the following link to sign into the Creative Cloud Desktop Application:
<https://www.adobe.com/creativecloud/desktop-app.html>
2. **Click** on the **Sign In** link in the upper right corner (See image below)

3. The Adobe sign-in screen displays as seen below. In the **Email address** field, simply enter *@maricopa.edu* (as indicated by #1 in the image below) and click the blue **Continue** button (as indicated by #2 in the image below:)

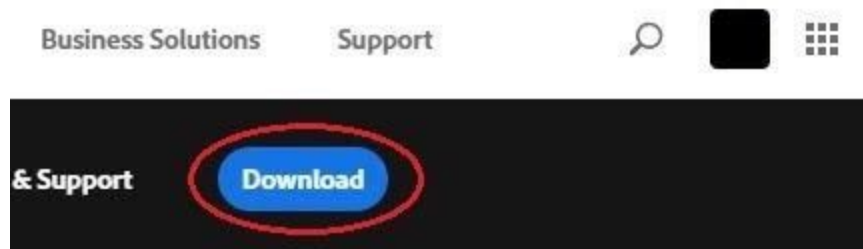

4. This will redirect the login to the **Maricopa Community Colleges** login page as seen below. At this screen, sign in using your MEID and MEID Password:

The image shows the Maricopa Community Colleges login page. At the top is the Maricopa Community Colleges logo. Below it, the text "Enter your MEID and password:" is displayed. There are two input fields: the first is labeled "Enter your MEID Here" and the second is labeled "Password". Below the password field is a link that says "Forgot password?". At the bottom of the form is a blue button labeled "Sign in".

Download the Creative Cloud Application

1. **Click** the blue **Download** button (circled in red in the image below).

2. This initiates the download process. Wait until the file download is complete.

Install the Program

1. After the download is complete, click **Continue** to run the program.

2. Because you are logged in, the **You're all set** image below will display. Simultaneously, the **Creative Cloud Installer** window displays. **Click Continue.**

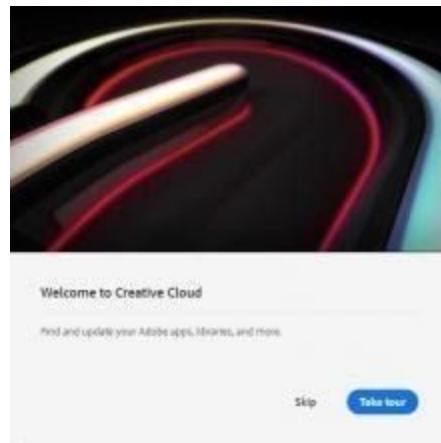

3. Adobe Creative Cloud will begin to install. Keep the **Creative Cloud Installer** window open until the installation is complete.

Open the Desktop Application

1. After the installation is complete, the **Welcome to Creative Cloud** screen will launch and present you with the option to **Take Tour** or **Skip**. Feel free to take the tour. The tour will not be covered for purposes of these instructions. Either click **Skip** or **Take Tour** as seen in the image below.

2. After either skipping the tour or going through it, the **Creative Cloud Desktop Application** displays. **Scroll down** to see all of the Adobe applications for which we have a license. **Click** the **Install** button for any application you wish to install.

Note: The installation may take some time as the installation speed is dependent on your internet speed. Some of these applications are quite large. **Creative Cloud** will display the progress as it downloads and installs the application(s) selected. After completing the desired application installation, the application button labeled **Install**, changes to **Open**.

Document Control Page

Record all changes made during the life of the document. A major change increases the version number by whole increment, minor changes increase by a tenth of a percentage. The details in the table are provided for example purposes only. Prior to completing the Document Control Page, delete the information in the table.
